Event Incident Response Plan

Protect Life	Rescue Individual, protect individual from further harm. Ensure you and others are safe.
	Administer First Aid
	Clear the water of boats necessary, for the duration of the incident
	Evacuate the premises as necessary
	If lives are at risk or there is a serious injury, call the emergency services by calling 999. Tell them what the problem is, the location, how many are involved and when it happened.
Take Control	Event Manager to coordinate the incident response.
	Delegate roles to others to ensure all are kept safe
	Establish facts and the sequence of events. Record witness / volunteer details of those involved. Take notes and record the actions taken.
	Photograph the location, boats and any relevant detail
	Protect welfare of others – if minors are involved contact parents at an early stage.
Inform	Notify the emergency services of all the details available
	Determine if you need to contact other authorities, e.g. Active Nation, Local Authority, Harbour Master, Environment Agency, Electricity, Gas.
	Prepare to receive enquiries Sensitively brief relevant staff/volunteers and other club members. Remind people not to pass on any names until given permission to do so.
	If the incident involved a work related fatality or major injury it must be reported to the Health and Safety Executive under RIDDOR.
	Complete a British Canoeing Incident report form https://www.britishcanoeing.org.uk/about-canoeing/safety-guidance/incident-reporting
Media	If you are contacted by the media, find out more details about their request and timescales.
	Support their request by issuing a written statement from a nominated "spokesperson".
	If asked for an interview, nominate one person as the designated spokesperson and prepare a statement that can be read out Have another person with you if possible to monitor the interview
	Do not give the names of casualties or those involved in the incident. Make sure your key facts are up to date and to hand.
	Do not give an opinion Stick to the facts as you know them, do not try and answer a question you don't know the answer to.
Media	In any media responses follow: Pity, Praise, Promise: - Pity – express sympathy for those caught up in the incident Praise – those who undertook a rescue or tackled the problem i.e. emergency services, paddlers etc Promise – to participate fully in any investigation and learn from it to minimise the risk of it ever happening again
	Contact safety@britishcanoeing.org.uk for ongoing support.
Follow Up	Retain a log of the incident
	Arrange a debrief for staff/volunteers and consider their welfare needs
	Use information gained from the incident and debrief to update Risk Assessments and local emergency action plans
	Ensure that any documentation pertaining to the event or incident is collated and available for any further investigation or analysis e.g. Risk Assessments, operating procedures, event information issued to participants, coaching qualifications status etc

Notes from 2020

Need additional Volunteers –

- 2nd boat below weir – Possibly do not need boat in pool?
- Assistant on Pontoon to help paddlers get in and out (Not Covid Secure – Consider Ladder?)

Produce Start and finish sheets to order results

Try to run on an outgoing tide rather than an incoming one

Buoy finish to make it clearer
